

Improving access and affordability

PAN Foundation

OUR MISSION

To help underinsured people with life-threatening, chronic and rare diseases get the medications and treatments they need by assisting with their out-of-pocket costs and advocating for improved access and affordability.

 **PAN** Foundation

Since 2004, we've helped nearly one million people afford their out-of-pocket treatment costs, through financial assistance for nearly 70 conditions.

We love hearing about PAN's impact from those we serve

“ Getting diagnosed with cancer is not easy. I have amazing emotional support, however being a small business owner with a high insurance monthly premium can extremely stressful.

Your foundation is literally saving lives. I am so touched by the assistance towards my medication costs. Having one less thing to worry about as I focus on my health has been the biggest sigh of relief.
