If you would like to take advantage of this promotion, email me at Kelsey_Sewalson@Dell.com and I will connect you with a Small Business Advisor to apply the additional discounts you qualify for

The advertisement features the Dell Technologies logo in the top left corner. In the top right corner, the Windows 10 logo is displayed with the text "Take the lead with Windows 10 Pro devices." Below this, a central text block reads "Small business. Superior savings." To the left of this text is a box containing the words "SEMI ANNUAL SALE". To the right is an image of a Dell desktop tower PC and a laptop. A callout box pointing to the laptop says "UP TO 40% OFF". In the bottom right corner, there is a "Shop Now" button.

WORK FROM ANYWHERE SOLUTIONS

Tips for Working Remotely

01 **Learn your working style.** It may be different than it is in the office, but it could make you even more productive.

02 **Have a dedicated workspace.** Working in a consistent spot can help you stay focused.

03 **Interact with people face-to-face,** even if it's through video conferencing, so you avoid feeling isolated.

04 When on a web meeting, **avoid other internet activities** that can drain your bandwidth, such as downloading large files.

05 **Take breaks.** It's important to clear your mind every once-in-a-while.

06 **Shut off when you're finished.** Just because you're working from home, that doesn't mean your work life should intrude on your home life.

07 If your home is your office, **security is of the utmost importance.** An unsecure WiFi network leaves you vulnerable to hackers stealing sensitive personal information or work data.
