a month

INTELLIGENT REMINDERS AND CLIENT COMMUNICATION

Streamline workflow for staff and provide greater transparency, access, and convenience to your clients with more effective communication.

Multi-channel reminders and confirmations

Our unique digital blend of push notifications, email, text messages with integrated postcards makes your door swing and helps eliminate no-shows.

Mobile app branded to your practice

This app prominently features your brand and because it was built with pet owners in mind, you're giving them something they'll love to use.

Practice analytics

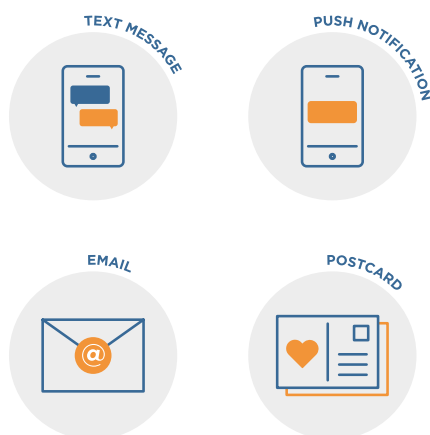

Our performance dashboard provides you the accountability you're looking for in a partner where we show REAL value.

Post appointment surveys & online reviews

Automated post-appointment client surveys with positive online review solicitation linked to Google, and Facebook.

Targeted Marketing

Our campaign tool allows you to create and send emails and push notifications to all clients or just a segment such as breed, age or time since their last visit.

VITUSVET™ CONNECT

Use your practice's landline to securely send and receive text and picture messages with your clients.

Integrated PIMS contact management

All communications are securely stored in your practice management software.

Auto-Replies

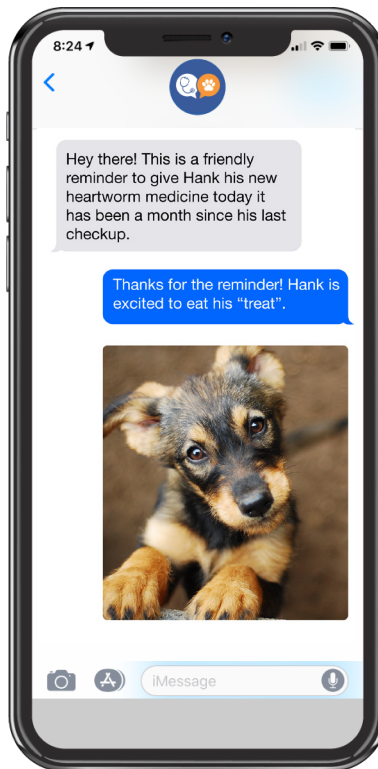

Set and schedule auto-replies so you can communicate with clients after hours.

Manage workflows

Work more efficiently by marking message threads as "done" to keep the most actionable messages most visible.

Conveniently send/receive messages from your desktop or mobile device

Send, receive, and search your messages from the VitusVet Dashboard on Desktop or the VitusVet Connect mobile app.

VITUSPAY™

Budget-friendly monthly payment plans and mobile check-out for on-the-go payment processing.

Budget-friendly monthly payment plans

No waiting or skipping care recommendations. Clients can immediately choose a payment plan using their existing credit card.

Mobile Checkout Eliminates Exit Bottlenecks

Put payment in your client's hands with convenient tablets. Clients can learn about and choose a payment option wherever checkout occurs – from curbside to exam room.

We Educate Pet Owners For You

Access free marketing materials at any time through your practice dashboard. The VitusVet reminder solution will also work as a powerful tool to educate clients in advance of their next visit.

We have been very impressed at how easy it has been to use the 2-way texting feature through VitusVet Connect. Texting our clients has been really slick, and we are able to get immediate responses from our clients.

Pat Hedly, Lead CSR
Bridgton Veterinary Hospital

Ease of use for my clients is everything. If you want people to use something, it has to be easy to use it. I rank VitusVet in this respect above other solutions. I can say that because I used others and switched to VitusVet.

Nicole Gueniat, DVM
Monrovia Animal Medical Center

ABOUT VITUSVET

VitusVet was founded by a veterinarian and former practice owner who wanted to develop technology solutions that help practices run more efficiently and ensure the health of pets. Our complete client engagement platform is the only solution that engages with pet owners prior to a veterinary visit all the way through to checkout.
