

In this constantly changing and evolving world of technology, our mission is to be your trusted professionals for any and all of your technology needs. We strive to go above and beyond to exceed your expectations and deliver exceptional service.

Service • Technology • Solutions

24^{hrs} EMERGENCY SERVICE
365 days a year

"Baran and the entire staff at Schultz Technology are the best! Everyone is always polite and courteous. We experienced a major outage due to a lightning strike, and Schultz Technology literally worked through the night to get us operational. I recommend Schultz Technology to anyone looking for a true partner in a technology company!"

John E. Schaefer

Owner

Longstreth Sporting Goods

"From the beginning of our working relationship, Schultz has blown me away with their incredible customer service. From top to bottom, every employee we have had contact with has made us feel like a member of their family. As soon as Schultz came into our office, they immediately pinpointed areas of concern in our I.T. development. Never criticizing what was in place before, they suggested inexpensive and extremely reliable solutions."

Kevin Kulp

Kulp Car Rentals

**YOUR ONE-STOP TECHNOLOGY SHOP FEATURING
CUSTOM-DESIGNED SYSTEMS FOR COMMERCIAL,
RESIDENTIAL AND INDUSTRIAL NEEDS**

As technology rapidly evolves, we recognize that true excellence demands much more than merely staying on the leading edge. It's equally crucial to respond to your needs with prompt, courteous and efficient service that is fairly priced.

No matter the size of your project, Schultz Technology Solutions will treat it like it's the most important job we've ever tackled.
