Providing Compassionate Care for Pet Families in Their Time of Need

Our legacy brands are not changing but elevating service, care and technology to our veterinary partners along with offering unique and innovative patented keepsake products that make a defining difference to your practice.

Pawpals® is part of the Regency brand and is designed for our veterinary professionals to be able to honor the unique human-animal bond. Clients leave your hospital with a lasting memory in hand. Capturing a lifetime of love.

Vet Partners Are Saying About Pawpals®

"My staff LOVES them! We are a beach community and it's just like impressions in the sand! After using clay for many years, I'll never go back. So quick and easy!"

 Dr. G., Hampstead Animal Hospital

"As a veterinarian who does in-home euthanasia, Pawpals® have been a game changer for me. Much easier and faster than clay, and clients love them!"

 K. Frank
