The JBJS | Miller's Orthopaedic Review Course, Part I

Date: May 22-26, 2024

Reference: MILLER-2024 COPYRIGHT

IMPORTANT- PLEASE READ

Thank you very much for attending the 2024 JBJS | Miller's Orthopaedic Review Course, Part I.

In response to numerous requests, we have provided copies of the lectures for this year's course in digital (PDF) format. These lectures are copyrighted works of Professional Medical Education, The Journal of Bone and Joint Surgery, Inc., and/or their respective lecturers. Our lecturers have committed significant time, energy, and resources to prepare these lectures and accompanying materials (the "Lecture Materials") in order to enable us to provide what we believe is the best and most comprehensive orthopaedic review course in the United States. This year, the lectures themselves are also being delivered to some attendees in a digital format making them part of the Lecture Materials and are also copyrighted.

The Lecture Materials are intended for the sole private use and benefit of registered attendees of the 2024 Miller's Orthopaedic Review Course, Part I. The Lecture Materials are made available to each such attendee on the strict condition that they will not be distributed to any other person nor copied or publicly displayed in any manner. Further, attendees must not create any works (including lectures or presentations) that are derived from or based on the Lecture Materials.

By your acceptance of digital (PDF) copies of the Lecture Materials and online access to the lectures, you acknowledge and agree that: (1) you will only use the Lecture Materials for your own private use; (2) you will not provide any other person or entity with access to nor a copy of any of the Lecture Materials for any purpose; and (3) you will not copy, record, distribute, publicly display any of the Lecture Materials (including, for example, posting the Lecture Materials on a website or forum), or create any derivative works of any of the Lecture Materials. If you do not believe that you can comply with these terms, please do not retain a copy of the Lecture Materials, and only use them inside the Virtual Event.

THE LECTURE MATERIALS ARE COPYRIGHTED WORKS WHICH MAY BE PROTECTED UNDER THE COPYRIGHT LAWS OF THE UNITED STATES, THE UNITED KINGDOM AND OTHER COUNTRIES. ANY UNAUTHORIZED COPYING, REPRODUCTION, USE, DISPLAY, DISTRIBUTION OR CREATION OF DERIVATIVE WORKS OF THE LECTURE MATERIALS IS STRICTLY PROHIBITED AND MAY SUBJECT THE OFFENDER TO SIGNIFICANT CIVIL LIABILITY.
