

NATIONAL HEMOPHILIA FOUNDATION
for all bleeding disorders

Additional Resources Available through NHF

HANDI, NHF's Information Resource Center

HANDI, NHF's information resource center, answers requests for information about bleeding disorders. If you have additional questions about any of the links or resources shared in this document, feel free to contact handi@hemophilia.org [All information requests made through HANDI are always kept confidential.]

Or access this link – <https://www.hemophilia.org/Community-Resources/HANDI-NHFs-Information-Resource-Center/HANDI-Request-for-Information> - to instantly submit your request to us.

Victoryforwomen.org

Victoryforwomen.org is part of Victory for Women which is National Hemophilia Foundation's health initiative that creates and provides support, education and resources for women and providers in the bleeding disorders community.

Victoryforwomen.org celebrates the voices of women in the bleeding disorders community. It's a place for you to share your creative expression of all kinds: photography, blog posts, stories, poems...whatever you feel captures you. A place where women in the community can express themselves, ask their questions, share their challenges, and above all, celebrate the victory of standing up and being heard.

NHF's Nurses Guide to Bleeding Disorders

The Nurses' Guide to Bleeding Disorders, produced by NHF and authored by members of its Nursing Working Group, is intended to assist nurses at all levels in caring for patients with bleeding disorders. Topics covered in the guide include the following: Hemophilia and von Willebrand disease therapy, women and bleeding disorders, rare coagulopathies, prophylaxis, venous access devices, emergency room care, orthopedic complications and treatment, hepatitis and HIV/AIDS, inhibitors, and enhancing development in the child with a bleeding disorder. [A current major revision is being undertaken by the Nursing Working Group and the chapter authors.]

Audience: Providers
