

32nd Annual Southern Veterinary Conference

(sponsored by JCVMA)

Continuing Education Certificate

August 6th - 8th, 2020

Thursday, August 6, 2020

Cardiology-Meg Sleeper, VMD, DACVIM

Current recommendations to treat degenerative valve disease and heart failure. _____ 1 hour

Tips and tricks for refractory heart failure patients. _____ 1 hour

The ABCs of ECGs - Part 1 _____ 1 hour

The ABCs of ECGs - Part 2 _____ 1 hour

Cardiology-Sonya G. Gordon, BSc, DVM, DVSc, DACVIM

A practical approach to pericardial disease in the dog and cat _____ 1 hour

Medical treatment of arrhythmias in dogs with acquired heart disease _____ 1 hour

A practical approach to management of refractory (Stage D) chronic valvular heart disease _____ 1 hour

Dermatology-Dana Liska, D.V.M, DACVD

Canine Allergic Dermatitis: Creating a Higher Quality of Life for Everyone Involved in the Veterinary-Client Patient Relationship _____ 1 hour

Otitis Externa in Dogs _____ 1 hour

Getting it Right the First Time! More important than ever in the age of COVID, Insight from a Dermatologist _____ 1 hour

Neurology-Simon Platt, BVM&S MRCVS, ACVIM (Neurology), DECVN

Making the neurological exam quick and easy _____ 1 hour

Head tilts and circles _____ 1 hour

Working up the seizure cat and dog _____ 1 hour

Seizure treatments - The quick and long term fixes _____ 1 hour

Feline Medicine-Deb Zoran, DVM, MS, PhD, DACVIM

The Vomiting cat: Tackling this perplexing problem. _____ 1 hour

Chronic diarrhea in kittens: The good (diets), the bad (bacteria) and the ugly (diagnosis). _____ 1 hour

Feline pancreatitis: The challenge continues _____ 1 hour

Preventing and managing cats with constipation. _____ 1 hour

Internal Medicine-Callie Harris, DVM

Probiotic Therapy: The Gut and Beyond. What's New for 2020! _____ 1 hour

Hydration Fixation: Beyond the Water Bowl-Water is the most essential nutrient _____ 1 hour

Parasitology-Byron Blagburn, MS, PhD, Diplomate (Hon.) ACVM-Parasitology, Professor

Updates that will change your canine heartworm strategies _____ 1 hour

New science to change your approach to feline parasite control _____ 1 hour

What's all the fuss about hookworms, tapeworms, coccidia and Giardia? _____ 1 hour

Internal Medicine-Greg Lisciandro, DVM, Dipl. ABVP, DACVECC

AFAST and Its Target- Organ Approach as an Extension of Your Physical Exam _____ 1 hour

AFAST and Its Fluid Scoring System Applications _____ 1 hour

TFAST is Not a Flash Exam- Its Use for Pericardial and Pleural Effusion in Dogs and Cats _____ 1 hour

Vet BLUE Part I - Introduction to Lung Ultrasound _____ 1 hour

Vet BLUE Part II - Signs of Consolidation _____ 1 hour

Lines on the Mirror - Comparison of Lung Ultrasound Exams and New Concepts _____ 1 hour

Global FAST for Patient Monitoring and Staging - New Approaches _____ 1 hour

Practice Management-Robbie van Mullem

Making Your Clinic Contagious: 6 Infectious Tools to Market Your Practice Part 1 _____ 1 hour

Making Your Clinic Contagious: 6 Infectious Tools to Market Your Practice Part 2 _____ 1 hour

Is Your Competition Beating You Using Social Media? How to Use Social Media to Stand Above Your Competition! _____ 1 hour

5 Ways to Avoid Being Sued Over Your Website. It Is Really Happening! _____ 1 hour

Total Hours Attended (7 hours max.) _____

Friday, August 7, 2020

Internal Medicine-David Twedt, DVM, DACVIM

Abnormal Liver Enzymes- A clinical approach	_____	1 hour
Common Liver Diseases in the Dog	_____	1 hour
Chronic Hepatitis- Latest update in the dog	_____	1 hour
Four Liver Conditions You Likely Did Not Learn In Vet School	_____	1 hour
Update on Feline Liver disease	_____	1 hour
Acute Pancreatitis in the Dog	_____	1 hour
Those Troublesome Chronic Diarrhea Cases – A few Good Tips.	_____	1 hour

Dermatology-Karin Beale, DVM, DACVD

“What’s that...You say you have a Derm Emergency?”	_____	1 hour
Managing pyoderma in 2020	_____	1 hour
Ten disorders that you will see in practice that you may not recognize today, but you will tomorrow	_____	1 hour
Tracking down the source of the pruritus in your canine patients	_____	1 hour

Internal Medicine-Jennifer E. Stokes, DVM, DACVIM (SAIM)

Proteinuria kills (part 1 review and diagnosis)	_____	1 hour
Proteinuria kills (part 2 management and clinical cases)	_____	1 hour
Chronic diarrhea in dogs	_____	1 hour

Internal Medicine-Natalie Marks, DVM, CVJ

Top Ten Lessons Learned from the CIV Outbreak of 2015 - Best Practices for Control of Respiratory Disease	_____	1 hour
Leptospirosis: Why Awareness and Diagnosis is Crucial to the Health of your Patients, Clients and Practice	_____	1 hour

Internal Medicine-Richard B. Ford, DVM, MS, DCVIM, ACVPM

2020 Vaccines & Vaccination: Issues and Controversies - Part 1	_____	1 hour
2020 Vaccines & Vaccination: Issues and Controversies - Part 2	_____	1 hour

Orthopedics-Mark E. Epstein, DVM, Dipl ABVP (C/F), CVPP

Re-Thinking Osteoarthritis for 2020 and Beyond	_____	1 hour
Those “Other” (non-NSAID, non-opioid) Pain Therapeutics	_____	1 hour
Re-Tooling Peri-Operative Pain Management in an Opioid-Less Environment	_____	1 hour

Oncology-Sue Ettinger, DVM, DACVIM (Oncology)

Dog Lymphoma Cliff Notes 2020: What you need to know	_____	1 hour
Cat Lymphoma Cliff Notes 2020: What you need to know	_____	1 hour
Dog Mast Cell Tumor Cliff Notes 2020: What you need to know	_____	1 hour
Inappetence: From picky patients to Pets that won’t eat	_____	1 hour

Anesthesiology-Jane Quandt, DVM, MS, DACVAA, DACVECC (Anesthesia & ECC)

Review of newer anesthetic agents that are now available.	_____	1 hour
Monitoring under anesthesia	_____	1 hour
The use of inhalants	_____	1 hour

Internal Medicine-Andrew Mackin, BSc, BVMS, MVS, DVSc, FANZCVSc, DACVIM

Marrow collection in practice: critical care, relevant diseases, indications for collection, and techniques	_____	1 hour
---	-------	--------

Internal Medicine-Jeb Cade, DVM

Developing a Cost-Effective Approach to Chronic Diarrhea in Dogs	_____	1 hour
--	-------	--------

Surgery-Michael H. Jaffe, DVM, MS, DACVS, CCRP

Surgical Management of Perianal and Perineal Diseases in Dogs	_____	1 hour
Juvenile Canine Orthopedic Lameness	_____	1 hour

Critical Care-Maureen McMichael, DVM, M.Ed., DACVECC

Coagulation cases from the ER – Practical strategies to stem life threatening hemorrhage	_____	1 hour
Geriatric Critical Care – New strategies to optimize the health of the aging pet	_____	1 hour
Pediatric Critical Care – Emergent conditions from birth to 12 weeks of age	_____	1 hour

Technician Program:

Ophthalmology-Susan Nelms, DVM, DACVO

Ophthalmic Emergencies: Triage and Treatment	_____	1 hour
Ophthalmic Medications for General Practice	_____	1 hour

Anesthesiology-Jane Quandt, DVM, MS, DACVAA, DACVECC (Anesthesia & ECC)

The use of inhalants	_____	1 hour
Case discussions: Helpful hints!	_____	1 hour

Critical Care-Kelly Foltz, BA, AAT, LVT, VTS (ECC)

Wake Me Up Before You Go-Go: Neonatal Resuscitation & The First 24 Hours	_____	1 hour
Strokin' Out: Heatstroke in the ER	_____	1 hour
A Sick, Sad World: Canine Parvovirus	_____	1 hour

Internal Medicine-John Godbold, Jr., DVM

Laser Therapy – Lighting the Way to Improved Patient Care	_____	1 hour
Laser Therapy Techniques for Success	_____	1 hour
Laser Therapy Clinical Applications	_____	1 hour
Laser Therapy's Role in Pain Management an Regenerative Medicine	_____	1 hour
Glowing into the Future with Thermal Imaging	_____	1 hour
Case Clues from Thermal Images	_____	1 hour
Thermal Imaging Essentials	_____	1 hour

Practice Management-Wendy Myers, CVJ

Get Your Pharmacy Back: Part 1	_____	1 hour
Get Your Pharmacy Back: Part 2	_____	1 hour
Solve Your Doctor Shortage with Strategically Scheduled Exams	_____	1 hour
Use Technicians as Physician Assistants and Multiply Your Revenue	_____	1 hour
How to Succeed with Demanding Clients	_____	1 hour
It's How Much? Show Value for Fees	_____	1 hour
Capture Compliance in the Exam Room	_____	1 hour

Total Hours Attended (7 hours max.)

Saturday, August 8, 2020

Clinical Pathology-Holly Brown, DVM, PhD, DACVP

Advanced hematology: Reading between the lines, connecting the dots, and adding a microscope Part 1	_____	1 hour
Advanced hematology: Reading between the lines, connecting the dots, and adding a microscope Part 2	_____	1 hour
In-clinic effusion analysis: Maximizing the diagnostic information from your fluid samples Part 1	_____	1 hour
In-clinic effusion analysis: Maximizing the diagnostic information from your fluid samples Part 2	_____	1 hour
Tying it all together: Maximizing the diagnostic power of the minimum database and your in-clinic laboratory Part 1	_____	1 hour
Tying it all together: Maximizing the diagnostic power of the minimum database and your in-clinic laboratory Part 2	_____	1 hour

Internal Medicine-Jennifer E. Stokes, DVM, DACVIM (SAIM)

Approach to the febrile dog	_____	1 hour
Approach to the febrile cat	_____	1 hour
Hepatobiliary disease in cats	_____	1 hour
Hepatobiliary disease in cats	_____	1 hour

Pathology-Athema Etzioni, DVM, MS, Dipl. ACVP

Clinical Pathology for the Practioner	_____	1 hour
---------------------------------------	-------	--------

Behavior-Lisa Radosta, DVM, DACVB

Five Quick and Easy Ways to Make Your Practice Fear Free	_____	1 hour
They won't grow out of it. Puppy and kitten behavioral medicine	_____	1 hour
Behavior medication guide. Five medications that get pets to the vet	_____	1 hour
Five Building Blocks to Treating Cat Stress in the Hospital	_____	1 hour

GA-LEAP-Betsy Choder, Esq.**

Medical Recordkeeping – Legally _____ 1 hour
CBD – The Myths & The Law _____ 1 hour

Surgery-Howard B Seim III, DVM, DACVS

Feline perineal urethrostomy – A novel approach _____ 1 hour
Intestinal anastomosis – Tips to make it easier _____ 1 hour
Surgical management of GDV _____ 1 hour
Anal saccullectomy: a novel approach, Urethrotomy and scrotal urethrostomy in the dog _____ 1 hour
Managing feline ear polyps _____ 1 hour
Surgical management of brachycephalic syndrome, The 4 ligature splenectomy _____ 1 hour
Feline subtotal colectomy, Colopexy for the treatment of recurrent rectal prolapse _____ 1 hour

Technician Program:

Critical Care-Kelly Foltz, BA, AAT, LVT, VTS (ECC)

Once Bitten, Twice Shy: Crotalid Envenomation _____ 1 hour
Airway to Heaven: Aspiration Pneumonia in Your ICU _____ 1 hour
When Cats Go Splat: Nursing the Feline Trauma Patient _____ 1 hour

Parasitology-Mark Pelham, DVM

Ticks, Know Your Enemy: New Trends Impacting Your Patients _____ 1 hour
Even Fleas Have Baggage: Vector Borne Disease and Public Health Concerns _____ 1 hour

Critical Care-Hayley Pritchard, LVT

Appropriate Drain Usage in Veterinary Patients _____ 1 hour
Healthy Wounds are Happy Wounds: Preventing Surgical Site Infections in Small Animal Patients _____ 1 hour

Hospital Design-Sal Longo, Jr., Associate AIA, NCARB

Understanding the Design and Construction Process: Roles and Responsibilities _____ 1 hour
Renovate or Build New: Deciding What's Right for You _____ 1 hour
Ways to Find Space and Stretch Your Budget _____ 1 hour

Hospital Design-Peter Hill, AIA

Site Selection and Planning _____ 1 hour
Efficient Floor Plan Design: Adjacencies and Circulation _____ 1 hour
Design Trends and New Services in Animal Care _____ 1 hour

Total Hours Attended (7 hours max.) _____

I hereby certify that I have attended the above sessions at a total of _____ CE hours.

Dr. Allen Riley
Program Chairman, Southern Veterinary Conference, LLC

The 32nd Annual Southern Veterinary Conference is sponsored by The Jefferson County Veterinary Medical Association and is RACE approved.

(Note that there are a few classes that are not RACE approved. These are indicated with a **)

RACE recognizes 50 minutes as 1 CE hour. For Georgia, a maximum of 20 hours is permitted by the Georgia State Board of Veterinary Medicine for any one meeting.

Be sure to check with your individual State (s) Licensing Board(s) to determine the current CE requirements.

This certificate must be kept in a safe place for a minimum of 5 years!
